

10TH Annual

SUMMER SINUS SYMPOSIUM

American Rhinologic Society

*Best Sinus Course in the World:
Improving Rhinology from Office to OR*

July 23-25, 2021
Marriott Austin Downtown Hotel
Austin, TX

REGISTRATION & HOUSING INFORMATION

Welcome from the ARS President

Joseph Han, MD, FARS

Dear Friends and Colleagues,

The past year has been a difficult year for everyone but with the introduction of the covid vaccination, there appears to be an air of optimism for an in person scientific meeting. Therefore I would like to personally invite you to the annual American Rhinologic Society Summer Sinus Symposium (ARS SSS) to be held on July 23-25, 2021. This summer we are excited to be hosting this event in Austin, Texas and the meeting will be held at the new Marriott in Austin. And after a year of being insulated, I am personally looking forward to the upcoming ARS SSS that will provide a great opportunity for brilliant education and a time to reunite with friends and colleagues.

Since the conception of the ARS Summer Sinus Symposium, the mission has been to provide an environment where all level of health care providers can learn practical clinical pearls as well as share their experience with their friends and colleagues. Therefore the meeting has become one of the most anticipated educational meetings. This year, the meeting promises to live up to all expectations, delivering an exciting, comprehensive program representing the state of the art in rhinology, endoscopic skull base surgery, and allergy. The meeting provides a tremendous venue for up to date knowledge for practicing otolaryngologist and allied health professional involved in rhinologic patient care. Through interactive panel discussions and debates as well as a demonstration dissections, ARS SSS strives to create an inviting learning environment that has been highly praised by our past attendees.

During the ARS SSS, time have been allocated to meet with the exhibitors to examine some of the newest equipment and treatment options for our rhinology patients. Our corporate supporters have generously supported this conference and have allowed us to offer the meeting at a minimal expense. Please take a moment to thank them. I look forward to seeing you in Austin, Texas!

Joseph K Han, MD, FARS, President, American Rhinologic Society

Why attend the ARS Summer Sinus Symposium?

- Engage the presenters: Ask your questions and debate the answers
- Hear the experts discuss the pearls and pitfalls of managing sinusitis
- Watch seasoned surgeons dissect cadavers while answering your questions
- Participate in breakout sessions that are geared towards your practice
- It's not to miss: It's the best sinus course in the world!

Welcome from the SSS Course Directors

We are very excited to host the 10th annual American Rhinologic Society's Summer Sinus Symposium July 23-25, 2021, at the brand new Marriott Hotel in downtown Austin, Texas. After a long year away from one another we are looking forward to the first "post-COVID" in person meeting. It is fitting that our first time back together is at one of the most well attended otolaryngology educational courses, the ARS Summer Sinus Symposium. Summer Sinus once again promises to offer an exciting, comprehensive, and practical program presenting the state of the art care in clinical and surgical rhinology. Our goal is to offer private practice and academic otolaryngologists the highest level of rhinology education available anywhere in the world.

We have created a program broad in content and reach, that can provide high value for the practicing otolaryngologist and allied health professional involved in rhinologic patient care. This year offers both a new dedicated allergy program and expanded cadaver prosections.

A large and experienced faculty will address contemporary topics such as primary, revision, and advanced sinus surgery, medical treatment of rhinosinusitis, office-based rhinologic surgery, complications of sinus surgery, allergy management, and many other important topics. Through panel discussions and debates, demonstration dissections, and audience response systems, we strive to create an interactive learning environment, highly praised by past attendees. The course emphasizes a collegial atmosphere where interactions between practicing otolaryngologists, rhinology thought leaders, and industry partners are fostered.

Get your vaccine, block your calendars, and plan to attend the 10th Annual "Best Sinus Course in the World!"

We look forward to seeing you in Austin!

Course Directors: Greg Davis, MD, FARS; Marc Dubin, MD, FARS; Doug Reh, MD, FARS

Greg Davis,
MD, FARS

Stay tuned for details on the Ancillary and Non CME Events!

ARS 10th Annual Summer Sinus Symposium

PROGRAM COMMITTEE

Nithin Adappa, MD, FARS; Yvonne Chan, MD, FARS; Rohit Garg, MD, FARS; Sarah Wise, MD, FARS

Join the ARS today and take advantage of the following benefits of society membership:

- Complimentary subscription to the Society's prestigious peer-reviewed journal, International Forum of Allergy and Rhinology
- Opportunity to join leadership and participate in standing committees of the Society to develop and implement programs to advance the interests of the specialty
- Networking in the largest group of Rhinologists worldwide
- Discounted meeting registration for the Society's annual meeting
- Information and opportunities for action on legislative and regulatory issues affecting rhinology and sinus surgery
- Member listing on the ARS Membership Directory
- Online services and personal web page on the ARS network,
- Complimentary subscription the Society's newsletter, Nose News
- Discounted rates for educational products and services offered by the Society
- Early access to third-party symposia associated with ARS meetings
- Discounted services and early access to other services and products provided by the Society
- Advocacy and representation on issues that influence the field of rhinology including those that establish physician reimbursement
- Member listing in the Find a Rhinologist section of the new ARS patient-facing website - SinusHealth.com

FRIDAY, JULY 23, 2021

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
7:45 am - 8:00 am Welcome	Greg Davis, MD, FARS Marc Dubin, MD, FARS Douglas Reh, MD, FARS	
8:00 am – 8:45 am Primary sinus surgery: Pearls for success <ul style="list-style-type: none"> To understand evidence surrounding extent of primary sinus surgery for CRS To understand impact of timing upon surgical outcomes for CRS To understand how septoplasty and turbinate reduction impact ESS outcomes. 	Stacey Gray, MD, FARS	
8:45 am – 9:30 am Primary frontal sinus surgery made simple <ul style="list-style-type: none"> Audience will understand the indications for frontal sinus surgery and the impact of technology on those indications Audience will explore the potential benefits and pitfalls of extended frontal sinus surgery Audience will be able to manage complications from frontal sinus surgery 	Timothy Smith, MD, FARS	
9:30 am - 10:15 am Revision sinus surgery: Next Steps <ul style="list-style-type: none"> Evaluate patients with recalcitrant CRS and formulate a treatment strategy Differentiate between the different surgical options available to maintain sinus patency Demonstrate the appropriate surgical techniques in revision surgery of the paranasal sinuses 	David Poetker, MD, FARS	
10:15 am - 10:45 am Break with Exhibitors		
10:45 am -11:30 am Cadaver Dissection #1: Successful primary sinus surgery <ul style="list-style-type: none"> To develop a systematic preoperative evaluation of a sinus CT scan To understand the basic principles of endoscopic sinus surgery To be able to choose the correct instrumentation to achieve your surgical goals in ESS 	Martin Citardi, MD, FARS, Moderator <i>Moderator</i> Winston Vaughan, MD, FARS <i>Dissecting</i>	
11:30 am – 12:15 pm Complications and their management <ul style="list-style-type: none"> To develop strategies for complication avoidance in endoscopic sinus surgery To describe best practices for management of common complications To discuss common anatomical variants that may predispose a patient to complications 	Jivianne Lee, MD, FARS	
12:15 pm – 1:15 pm Lunch with Exhibitors/Satellite Symposium		
1:15 pm – 2:00 pm Keynote Address: From ethmoids to Everest: Perspectives on sinus infections, physical burnout, and renewal <ul style="list-style-type: none"> Learn the indications and limitations of antibiotic treatment for sinusitis Recognize the signs of physician burn out and techniques to avoid Appreciate the relationship between high altitude medicine and sinus issues 	Paul Pottinger, MD, FACP, FIDSA Professor of Medicine, Division of Allergy & Infectious Diseases Co-Director, UWMC Antimicrobial Stewardship Program Director, Infectious Diseases Training Program Head, UWMC General ID Section Director, UWMC Tropical Medicine & Infectious Diseases Clinic University of Washington Medical Center	

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
2:00 pm – 2:45 pm Office based surgery 2021: Sinusitis <ul style="list-style-type: none">• Discuss current limits for office-based rhinology procedures for sinusitis• Discuss criteria for patient selection for office-base sinus rhinology procedure• Explore office preparations, including staff training and equipment, for office-based procedures	Troy Woodard, MD, FARS	
2:45 pm – 3:15 Break with Exhibitors		
3:15 pm – 4:00 pm Management of the complex polyp patient <ul style="list-style-type: none">• To discuss the current medical management for CRS with polyposis• To discuss the surgical options for CRS with polyposis• To discuss the variety of topical medications for the treatment of CRS with polyposis	Rodney Schlosser, MD, FARS	
4:00 pm – 5:00 pm Biologics for nasal polyposis-ENT's practical guide to use in sinusitis with polyposis <ul style="list-style-type: none">• Review potential indications for on-the-market and actively researched biologic therapies for CRSwNP• Consider patient selection, cost, convenience, and other factors in biologic administration for CRSwNP• Consider nuances of multi-disciplinary treatment for CRSwNP with biologic therapies	Sarah Wise, MD, FARS	
5:00 pm – 6:00 pm Satellite Symposium		
7:00 pm – 9:00 pm Signature Reception		

SATURDAY, JULY 24, 2021, Room 1

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
7:00 am – 8:00 am Breakfast with Exhibitors/Satellite Symposium		
8:00 am – 8:45 am The chronically infected sinus <ul style="list-style-type: none">• Understand patient factors that lead to chronic sinus infections• Learn surgical approaches to treat the chronically infected sinus• Appreciate novel medical therapies targeting chronic sinus infections	Zara Patel, MD, FARS	
8:45 am – 9:30 am Why is my sinus patient coughing?: A common sense approach <ul style="list-style-type: none">• Learn the proper evaluation of a patient with chronic cough• Discuss medical options for treating chronic cough• Know when and what other specialties to involve when treating chronic cough	Stella Lee, MD	
9:30 am – 10:15 am New technologies and treatments for nasal obstruction and rhinitis <ul style="list-style-type: none">• Understand what new treatments are available for treating nasal obstruction and rhinitis• Learn optimal methods for anesthetizing the nose• Appreciate co-morbid conditions to evaluate for when considering treating rhinitis	Michael Sillers, MD, FARS	

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
10:15 am – 10:45 am Break with Exhibitors		
10:45 am – 11:30 am Cadaver Dissection #2: Frontal and revision surgery techniques <ul style="list-style-type: none"> • Learn instrumentation for frontal sinus surgery • Understand how the anatomy drives the surgical decision plan for frontal sinus disease • Observe expert surgeon perform frontal sinus surgery 	Yvonne Chan, MD, FARS <i>Moderator</i> Erin O'Brien, MD, FARS <i>Dissecting</i>	
11:30 am – 12:15 pm Complex inflammatory sinusitis cases: Lessons from the Masters: Case presentations <ul style="list-style-type: none"> • Appreciate the medical treatment options for challenging inflammatory sinus disease • Learn a thorough evaluation for inflammatory sinus disease • Know the surgical options for recalcitrant inflammatory sinus disease 	Brent Senior, MD, FARS	
12:15 pm – 1:15 pm Lunch with Exhibitors		
12:15 pm – 5:00 pm Industry Satellite Symposia Events		

SATURDAY, JULY 24, 2021, Room 2

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
7:00 am – 8:00 am Breakfast with Exhibitors		
8:00 am – 8:45 am Allergy and immunology: Why is this important? <ul style="list-style-type: none"> • Review the definition, classification, prevalence, and socioeconomic impact of allergic rhinitis • Understand sensitization vs. clinical allergy • Review the immunology of allergic rhinitis and allergen immunotherapy 		
8:45 am – 9:30 am Diagnosing allergy in the otolaryngologist's office: A shifting paradigm? <ul style="list-style-type: none"> • Consider the classic presentation of allergic rhinitis – signs and symptoms • Delineate nasal endoscopic findings that may be indicative of an allergic process • Discuss radiologic findings typical of allergy-associated chronic rhinosinusitis 		
9:30 am – 10:15 am Medical therapy for allergic rhinitis: Understanding mechanisms and evidence while targeting symptoms <ul style="list-style-type: none"> • Consider various pharmacotherapy options for allergic rhinitis • Discuss the mechanisms behind these medications • Consider the available evidence for allergic rhinitis pharmacologic therapies 		
10:15 am – 10:45 am Break with Exhibitors		

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
10:45 am – 11:30 am Allergy testing: Simple techniques for practical applications <ul style="list-style-type: none">• Review techniques for allergy skin testing for aeroallergen sensitivity, with primary emphasis on skin prick testing• Review techniques for in vitro serum testing for aeroallergen sensitivity• Consider patient selection for different allergy testing modalities		
11:30 am – 12:15 pm Case-based panel: Putting it all together Utilize a case-based approach to review the concepts of: <ul style="list-style-type: none">• Allergic rhinitis diagnosis• Pharmacotherapy for allergic rhinitis• Allergy testing		
12:15 pm – 1:15 pm Lunch with Exhibitors		
12:15 pm – 5:00 pm Industry Satellite Symposia Events		

SUNDAY, JULY 25, 2021, Room 1

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
7:00 am – 8:00 am Breakfast with Exhibitors		
8:00 am – 8:45 am Primary sinus surgery recorded cases <ul style="list-style-type: none">• Explain surgical techniques to maximize outcomes• To understand how to avoid common surgical mistakes• Discuss tips for successful primary sinus surgery	Ran Sindwani, MD, FARS	
8:45 am – 9:30 am Complex frontal and revision FESS recorded cases <ul style="list-style-type: none">• Demonstrate the appropriate surgical techniques in revision surgery of the paranasal sinuses• Explain multiple approaches to complex frontal sinus pathology including various Draf drillout procedures• Evaluate patients with recalcitrant CRS and formulate a treatment strategy	Nithin Adappa, MD, FARS	
9:30 am – 10:15 am Orbital surgery/DCR/Benign tumor excision recorded cases <ul style="list-style-type: none">• Understand safe and effective techniques for endoscopic DCR and dissection around the orbit• Describe surgical techniques for the endoscopic resection of benign sinonasal tumors• Explain the anatomic and pathologic indications and contraindications for the endoscopic resection of benign sinonasal and orbital tumors	Benjamin Bleier, MD, FARS	
10:15 am – 10:45 am Break with Exhibitors		
10:45 am – 11:30 am Cadaver Dissection #3: Skull base approach, nasoseptal flap, optic nerve decompression, CSF leak repair <ul style="list-style-type: none">• Learn surgical techniques for skull base surgery• Understand key anatomic landmarks for orbit and optic nerve surgery• Appreciate new materials and techniques used for CSF leak repair	Pete Batra, MD, FARS <i>Moderator</i> Jean Anderson Eloy, MD, FARS <i>Dissecting</i>	

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
11:30 am – 12:15 pm Skull base cases: Ask the experts: Case presentations	Jeffrey Suh, MD	
<ul style="list-style-type: none"> • Understand novel surgical methods to treat skull base tumors • Develop techniques to better utilize computed tomography and magnetic resonance imaging to diagnosis skull base tumors • Identify new methods to reconstruct skull base defects based on tumor size and location 		
12:15 pm Meeting Adjourns		

SUNDAY, JULY 25, 2021, Room 2

<u>Time/Topic</u>	<u>Moderator</u>	<u>Panelists (TBD)</u>
7:00 am – 8:00 am Breakfast with Exhibitors		
8:00 am – 8:45 am Eustachian Tube Balloons. How, when, and where?	J. Pablo Stolzovitzky, MD, FARS	
<ul style="list-style-type: none"> • List available devices and discuss advantages for each • Demonstrate eustachian tube dilation technique • Illustrate traditional and best practice cases of balloon use 		
8:45 am – 9:30 am ENT's guide to managing "sinus headache" and facial pain	Kevin Welch, MD, FARS	
<ul style="list-style-type: none"> • List the differential diagnosis of "sinus" headaches • Distinguish rhinogenic causes from neurogenic sinus headaches using clinical cues • Incorporate a clinical algorithm into practice to address rhinogenic and primary headache disorders 		
9:30 am – 10:15 am Hands on approach to topical therapies for chronic rhinosinusitis	Carlos Ebert, Jr., MD, FARS	
<ul style="list-style-type: none"> • Understand the topical options for biofilms and sinus infections • Appreciate the importance of topical therapy for controlling inflammation • Discuss emerging "traditional and non-traditional" topical therapies 		
10:15 am – 10:45 am Break with Exhibitors		
10:45 am – 11:30 am Improving outcomes in endoscopic DCR and orbital decompression	Rakesh Chandra, MD, FARS	
<ul style="list-style-type: none"> • To review the pre-operative assessment and management of patients with epiphora and orbitopathy • To review operative techniques for endoscopic DCR and orbital decompression • To review the post-operative management of patients undergoing endoscopic DCR and orbital decompression 		
11:30 am – 12:15 pm Management of epistaxis in 2021	Murugappan Ramanathan, MD, FARS	
<ul style="list-style-type: none"> • Apply modern algorithms in the care of epistaxis • Evaluate pros and cons of various management options • Manage unique clinical scenarios, including postsurgical epistaxis and the anticoagulated patient 		
12:15 pm Meeting adjourns		

SUNDAY, JULY 25, 2021, Room 3

Time/Topic

Moderator

Panelists (TBD)

7:00 am – 8:00 am

Breakfast with Exhibitors

8:00 am – 8:45 am

Pediatric nasal obstruction and rhinorrhea: Workup and Management

David Gudis, MD, FARS

- Appreciate the differences between pediatric and adult nasal obstruction evaluation
- Learn the medical options for treating pediatric nasal obstruction and rhinorrhea
- Acquire the techniques for surgical management of pediatric nasal obstruction

8:45 am – 9:30 am

How sinusitis endotypes affect clinical management

Amber Luong, MD, PhD, FARS

- Know the proper evaluation for determining endotypes of chronic sinusitis
- Illustrate clinical application of endotypes
- Review concept of endotype versus phenotype

9:30 am – 10:15 am

What is “appropriate” medical therapy before surgery in 2021: Avoiding the “peer to peer”

Elina Toskala, MD, FARS

- Learn the state of the art and comprehensive medical management of treating chronic sinusitis
- Understand the nuances of pre-op requirements for various insurance payors
- Know what to do when asked to do a peer to peer and how to stay calm

10:15 am – 10:45 am

Break with Exhibitors

10:45 am – 11:30 am

In office CT imaging and rhinology ancillary services: Headache or useful tools?

Winston Vaughan, MD, FARS

- Learn about safety requirements for in-office CT scanners
- Understand the business and logistic aspects of in-office CT scanner
- Discuss the benefits or challenges of outsourcing formal reports

11:30 am – 12:15 pm

Update in rhinology coding: Work smarter not harder

R. Peter Manes, MD, FARS

- Understand the challenges of creating new CPT codes
- Learn the new codes in rhinology impacting 2021 and 2022
- Discuss the future of skull base coding and advanced sinus surgery coding

12:15 pm

Meeting Adjourns

SUNDAY, JULY 25, 2021, Room 4

Time/Topic

Moderator

Panelists (TBD)

7:00 am – 8:00 am

Breakfast with Exhibitors

8:00 am – 8:45 am

Choosing antigens wisely

- Review the most common classes of aeroallergens
- Understand the concept of allergen cross-reactivity
- Discuss the benefits and downsides of single/few/multi-allergen testing and immunotherapy

8:45 am – 9:30 am

Allergen immunotherapy: Translating testing into treatment

- Discuss vial preparation for subcutaneous immunotherapy
- Discuss vial preparation for aqueous sublingual immunotherapy
- Discuss tablet sublingual immunotherapy
- Consider future options for immunotherapy administration

9:30 am – 10:15 am

Unified airway in the rhinology practice

- Define the unified airway concept
- Discuss the unified airway as it relates to allergy and chronic rhinosinusitis
- Provide case examples of unified airway pathology

10:15 am – 10:45 am

Break with Exhibitors

10:45 am – 11:30 am

Add on therapy, monoclonal antibodies...it's all biologics these days!

- Review potential indications for biologic therapies in the allergy/rhinology practice
- Discuss the practicalities of biologic administration
- Utilize case examples to demonstrate patient selection for biologic therapies

11:30 am – 12:15 pm

Case-based panel: From routine to emergencies

- Utilize a case-based approach to review the concepts of:
- Allergen immunotherapy
- Unified airway
- Emergencies in the allergy practice

12:15 pm

Meeting Adjourns

Registration Categories

EARLY (ON OR BEFORE JUNE 1, 2021)

- ARS Member \$250
- Nonmember: \$500
- Resident/Fellow in Training/Medical Student: FREE
- Faculty: \$150
- Exhibitors: \$275
- Signature Cocktail Reception: \$150

*For new members, registration must be done at least two weeks before the meeting to allow for verification of new membership. If online registration is not done, the Nonmember fee will be charged. Visit <http://www.american-rhinologic.org/membership> to complete the application today.

LATE (AFTER JUNE 1, 2021)

- ARS Member/Fellow: \$450
- Nonmember: \$600
- Resident/Fellow in Training/Medical Student: FREE
- Faculty: \$200
- Exhibitors: \$475
- Signature Cocktail Reception: \$150

REGISTRATION HOURS

Thursday, July 22: 4:00 pm - 7:00 pm

Friday, July 23: 7:00 am - 5:00 pm

Saturday, July 24: 7:00 am - 5:00 pm

Sunday, July 25: 7:00 am - 10:00 am

Registration Substitution & Cancellation Policies

SUBSTITUTIONS: Substitution of one individual for another is not allowed.

MEETING CANCELLATION: Requests for refunds must be made in writing. There is a \$50 handling fee for ALL returned checks. There is a 10% cancellation fee for refunds made prior to May 21, 2021. For cancellations received May 21 - June 17, 2021 there will be a 50% cancellation fee. There will be no refunds for cancellations received after June 18, 2021.

Maintenance of Certification (MOC)

The American Board of Otolaryngology actively sponsors and manages the Maintenance of Certification program, details of which can be found at www.aboto.org. As a service to both the American Rhinologic Society and the Otolaryngology community at large, the *ARS 2021 Summer Sinus Symposium* will offer education regarding the MOC process, and much of the course content will be relevant to rhinologic components of the MOC examinations.

Accreditation Statement

The American Rhinologic Society (ARS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement

ARS designates this live activity for a maximum of 14.50 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Optional Events

Sponsored breakfast and lunch are included with registration. To help us ensure accurate food and beverage counts, *you will be asked which events you plan to attend.*

EXHIBIT HALL HOURS

Friday, July 23, 2021: 7:30 am - 4:00 pm

Saturday, July 24, 2021: 7:15 am - 1:30 pm

Sunday, July 25, 2021: 7:15 am - 10:45 am

NOTE: Registration will be located at the Marriott Austin Downtown Hotel. Badges must be worn to enter meeting rooms and exhibit hall. *Children under the age of 16 are not permitted in the exhibit hall.* Lunch and coffee breaks will be served in the Exhibit Hall on Friday and Saturday. We encourage networking with our valuable exhibitors to learn about new technologies in our field.

Housing Information

We have secured excellent discounted rates at the Marriott Austin Downtown Hotel for participants attending the meeting. To obtain the necessary amount of meeting and exhibit space at the Marriott Austin Downtown Hotel, the ARS must commit to using a minimum number of guest rooms. If that commitment is not met, the ARS will incur significant financial penalties and it will cause a major impact on the future programs that ARS is able to offer. By booking your room at the Marriott Austin Downtown Hotel you will help ARS meet their hotel obligation. We thank you in advance for your assistance.

Marriott Austin Downtown Hotel

304 East Cesar Chavez Street, Austin, Texas

Room Rate: \$219 Single/\$219 Double, per night, plus taxes

Reservations Deadline: June 23, 2021 or when room block sells out, whichever comes first. If phoning for reservations, call 800-228-9290 and reference Summer Sinus Symposium 2021.

What to see in Austin...

Years ago when people talked about Austin they would quickly mention the music. But Austin is also home to a wonderful ballet, world-class museums, one-of-a-kind shopping and beautiful outdoor spaces. You can just as easily spend your morning paddling the lake as you can strolling through a celebrated history museum.

Austin is a year-round outdoor enthusiast's playground, offering everything from scenic trails to crystal-clear lakes. And with 300+ days of sunshine and an average temperature of 68 degrees, being active in Austin comes naturally, OR Spend a day exploring sculpture gardens and historic homes, zipline through the Hill Country or give the kids a hands-on experience at a number of museums.

Just west of the city limits, you'll find the rolling hills and clear, running rivers of the Texas Hill Country where historic towns and more than two dozen vineyards meet a laid-back and soulful lifestyle. Explore stunning waterfalls and caves, browse charming shops, chow down on true Texas barbecue, or tour historic landmarks.

For further details on what to see, visit: <https://www.austintexas.org/things-to-do/>

ARS 67th Annual Meeting

October 1-2, 2021

Biltmore Hotel, Los Angeles, CA

Abstract submission opens: 4/12/2021
Abstract submission deadline: 5/3/2021

July 28 - 31, 2022
