## Welcome from the ARS President

Rodney Schlosser, MD, FARS

### Dear Friends and Colleagues,

The American Rhinologic Society is excited to announce that our annual Summer Sinus Symposium (ARS SSS) will be held on July 29-31, 2022 in Miami at the Loews Hotel on South Beach. We have been conducting in person meetings for the last year with all COVID precautions in a safe environment and we look forward to continuing this with our SSS 2022!

Since the conception of the ARS Summer Sinus Symposium, the focus has been upon practical clinical topics and pearls. Our practices have changed dramatically in the last year or two. This course will provide insight into use of biologics, how to care for rhinology patients in the COVID era, new methods of topical drug delivery, and novel devices and treatments for rhinitis and nasal valve dysfunction. Through interactive panel discussions and debates as well as demonstration dissections, I'm certain you will learn something that can be immediately implemented into your practice.

During the ARS SSS, you will also be able to meet with the exhibitors to see the newest equipment and treatment options for our rhinology patients. Our corporate supporters have generously supported this conference and have allowed us to offer the meeting at a minimal expense. Please take a moment to thank them.

Rodney J. Schlosser, MD, FARS  
President, American Rhinologic Society

### Why attend the ARS Summer Sinus Symposium?

- Engage the presenters: Ask your questions and debate the answers
- Hear the experts discuss the pearls and pitfalls of managing sinusitis
- Watch seasoned surgeons dissect cadavers while answering your questions
- Participate in breakout sessions that are geared towards your practice
- Learn the most recent office-based procedures
- It's not to miss: It's the best sinus course in the world!

# Welcome from the SSS Course Directors

We are very excited to host the 11th annual American Rhinologic Society's Summer Sinus Symposium July 29-31, 2022, at the Lowes in Miami Beach, FL. Summer Sinus once again promises to offer an exciting, comprehensive, and practical program presenting the state of the art care in clinical and surgical rhinology. Our goal is to offer private practice and academic otolaryngologists the highest level of rhinology education available anywhere in the world.

We have created a program broad in content and reach, that can provide high value for the practicing otolaryngologist and allied health professional involved in rhinologic patient care. This year offers both a new dedicated allergy program and expanded cadaver prosections. A large and experienced faculty will address contemporary topics such as primary, revision, and advanced sinus surgery, medical treatment of rhinosinusitis, office-based rhinologic surgery, complications of sinus surgery, allergy management, and many other important topics. Through panel discussions and debates, demonstration dissections, and audience response systems, we strive to create an interactive learning environment, highly praised by past attendees. The course emphasizes a collegial atmosphere where interactions between practicing otolaryngologists, rhinology thought leaders, and industry partners are fostered.

Block your calendars, and plan to attend the 11th Annual "Best Sinus Course in the World!"

We look forward to seeing you in Miami!

Join the ARS today and take advantage of the following benefits of society membership:

- Complimentary subscription to the Society's prestigious peer-reviewed journal, International Forum of Allergy and Rhinology
- Opportunity to join leadership and participate in standing committees of the Society to develop and implement programs to advance the interests of the specialty
- Networking in the largest group of Rhinologists worldwide
- Discounted meeting registration for the Society's annual meeting
- Information and opportunities for action on legislative and regulatory issues affecting rhinology and sinus surgery
- Member listing on the ARS Membership Directory
- Online services and personal web page on the ARS network,
- Complimentary subscription the Society's newsletter, Nose News
- Discounted rates for educational products and services offered by the Society
- Early access to third-party symposia associated with ARS meetings
- Discounted services and early access to other services and products provided by the Society
- Advocacy and representation on issues that influence the field of rhinology including those that establish physician reimbursement
- Member listing in the Find a Rhinologist section of the new ARS patient-facing website - [SinusHealth.com](http://SinusHealth.com)

## Maintenance of Certification (MOC)

The American Board of Otolaryngology actively sponsors and manages the Maintenance of Certification program, details of which can be found at [www.aboto.org](http://www.aboto.org). As a service to both the American Rhinologic Society and the Otolaryngology community at large, the *ARS 2022 Summer Sinus Symposium* will offer education regarding the MOC process, and much of the course content will be relevant to rhinologic components of the MOC examinations.

## Accreditation Statement

The American Rhinologic Society (ARS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## Credit Designation Statement

ARS designates this live activity for a maximum of *14.50 AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Optional Events

Sponsored breakfast and lunch are included with registration. To help us ensure accurate food and beverage counts, *you will be asked which events you plan to attend.*

## EXHIBIT HALL HOURS

Badges must be worn to enter meeting rooms and exhibit hall. *Children under the age of 16 are not permitted in the exhibit hall.* Lunch and coffee breaks will be served in the Exhibit Hall on Friday and Saturday. We encourage networking with our valuable exhibitors to learn about new technologies in our field.

## Housing Information

We have secured excellent discounted rates at the Loews Miami Beach Hotel for participants attending the meeting. To obtain the necessary amount of meeting and exhibit space at the Loews Miami Beach Hotel, the ARS must commit to using a minimum number of guest rooms. If that commitment is not met, the ARS will incur significant financial penalties and it will cause a major impact on the future programs that ARS is able to offer. By booking your room at the Loews Miami Beach Hotel you will help ARS meet their hotel obligation. We thank you in advance for your assistance.

## What to see in Miami...

With nicknames like “America’s Riviera” and the “Art Deco Playground,” it’s no wonder so many people flock to South Beach in Miami. Travelers see South Beach not only as one of the best vacation areas in Florida, but as one of the best in the country. The options are limitless: you can spend the whole day shopping at boutiques, getting pampered at an opulent spa or just strolling along Ocean Drive. Families can take the kids over to see the animals at Jungle Island or to play at the Miami Children’s Museum for some educational fun. During your stay you may also want to visit Vizcaya Museum and Gardens, Bayside Marketplace and the Miami Seaquarium, South Pointe Pier, and of course, the the beach itself.
